Dear Mr. Sinclair:

As you begin planning for the upcoming fiscal year, I am pleased to write to you in your capacity as Vice-Chair of the Northern Ontario Heritage Fund Corporation (NOHFC). Pursuant to the requirements of the Agencies and Appointments Directive, this letter provides direction and sets out my expectations for the NOHFC for the 2021–22 fiscal year.

Ontario's board-governed agencies are vital partners in ensuring the delivery of high-quality services to Ontarians. The work that you and your fellow Board members undertake to establish the goals, objectives, and strategic direction for the NOHFC plays a critical role in ensuring consistency with government priorities, the NOHFC's mandate, key policies and directives, and my directions, as appropriate. I thank you for your dedication and willingness to serve.

As part of the Government of Ontario, agencies are expected to act in the best interests of Ontarians by being efficient and effective, and by providing value for money to taxpayers. This includes:

1. Competitiveness, Sustainability, and Expenditure Management

- Operating within your agency's allocations.
- Identifying and pursuing opportunities for innovative practices, and/or improved program sustainability.
- Identifying and pursuing efficiencies and savings.

2. Transparency and Accountability

- Abiding by applicable government directives and policies and ensuring transparency and accountability in reporting.
- Adhering to requirements of the Agencies and Appointment Directive, and responding to audit findings, where applicable.
- Identifying appropriate skills, knowledge, and experience needed to effectively support the Board's role in agency governance and accountability.

.../2

3. Risk Management

- Developing and implementing an effective process for the identification, assessment and mitigation of risks, including planning for and responding to emergency situations, such as COVID-19.

4. Data Collection

- Improving how the agency uses data in decision-making, information sharing and reporting, including by leveraging available or new data solutions to inform outcome-based reporting and improve service delivery.
- Supporting transparency and data sharing with the ministry, as appropriate.

5. Digital Delivery and Customer Service

- Exploring and implementing digitization or digital modernization strategies for the provision of services online and continuing to meet and exceed customer service standards through transition.
- Using a variety of approaches or tools to ensure service delivery in all situations, including COVID-19.

In addition to these government-wide priorities, I expect the NOHFC to focus on:

- Providing superior client service.
- Delivering renewed NOHFC programming that will make it easier for more people and businesses to apply; support more projects in rural northern communities; target existing and emerging market opportunities; provide more work opportunities for Indigenous people; address the skilled labour shortage; and aid in the recovery from COVID-19.
- Supporting broader Northern Ontario planning efforts and regional economic development priorities.

Through these measures, we can ensure that the NOHFC continues to fulfill its mandate to promote and stimulate initiatives that grow and diversify the economy of Northern Ontario, as set out in the *Northern Ontario Heritage Fund Act*.

Once again, thank you for your dedication and service. Please accept my best wishes.

Sincerely,
